#### **FAKE RECRUITMENT NEWS ON SOCIAL MEDIA**

The Ministry of Defence has been receiving queries from the public enquiring about the NDF recruitment, allegedly advertised through social media. The Ministry takes note of the NDF recruitment's requirement brochure circulated in the social media and which seems to draw the public attention by a large scale.

The brochure in question is genuine and belongs to the Ministry of Defence, however, the Ministry rejects the responsibility of circulating it via the social media. In addition, the same brochure does not invite the applications but simply highlight various career choices in the NDF, and the requirements to join the NDF.

The Ministry of Defence thus, appeals the public that it is not recruiting at the moment, and what is circulating on social media is fake news.
